

FALL BULL SALE

— **October 7, 2023** —

CROSS TIMBERS, MO **LUCAS CATTLE COMPANY** 1:00 PM CT

WELCOME TO THE SALE

On behalf of my wife, and the entire Lucas family, I would like to welcome you to our annual Fall Performance Bull & Female Sale. Lucas Cattle Company has been in the Simmental cattle business for almost 3 decades and has had private treaty bull sales for 22 years and now look forward to offering them to you online via DVAuction. We are very proud of the powerful Simmental bulls and commercial bred females that we are presenting to you for your consideration.

We have recently made a strategic decision to ratchet up our genomic efforts by establishing a relationship with Allied Genetic Resources to expand our embryo transfer program along with the selective addition of some of the most powerful cow families in the Simmental breed starting with the breed changing WS MS SUGAR C4 cow in addition to acquiring SSF BLK LOUISE Y534.

We have made these significant enhancements to better serve both commercial and seedstock cattlemen. We look forward to being a sought-after partner in the Simmental cattle business and we look forward to helping our customers be the most successful they can be with their own operations.

It is an exciting time to be in the cattle business as the demand for high quality genetics has never been more sought after. While the beef business always has its challenges, it is time to take advantage of its historic prices and epic demand.

I finally want to take the opportunity to thank our crew at Lucas Cattle Company for making our operation successful. This year has been especially challenging given the extreme temperatures and limited rain we experienced throughout the summer. Jeff, Cleo, Holly and John Henry, your hard work is very much appreciated.

If you are one of our past private treaty sale customers, then welcome back and if this is your first visit to Lucas Cattle Company via our online sale then we welcome you. If you have any questions, please feel free to contact our team.

Welcome to Lucas Cattle Company,
Forrest Lucas

Jeff Reed - Cattle Manager - 417-399-1241

FALL BULL SALE

— October 7, 2023 —

AUCTIONEER.

Col. Tracy Harl 402-469-3852

LUCAS CATTLE COMPANY CONTACTS.

Jeff Reed, Cattle Manager	417-399-1241
Holly Hubert, Breeding Manager	417-733-0059
Cleo Fields, Data Manager	417-399-7124
Jonthan Henry, Commercial Manager	417-224-2455
Junior Stroup, Feedlot Manager	417-733-3050
Jamie Devney, Vice President Business Development	
Dr. Mike Siemens, Genetics & Marketing Strategy	316-737-9318

SALE REPRESENTATIVES.

Bill Bowman, <i>Missouri Beef Cattleman</i>	816-752-0079
Guy Peverly, <i>Stock Exchange</i>	785-456-4390
Marty Ropp, <i>Allied Genetic Resources</i>	406-581-7835
Corey Wilkins, <i>Allied Genetic Resources</i>	256-590-2487
Jared Murnin, <i>Allied Genetic Resources</i>	406-321-1542

REGISTRATION AND UPDATED EPDs.

All cattle will be registered in the American Simmental Association. All EPDs are the most current BOLT at the time of printing conducted by IGS and the American Simmental Association. Please note that EPDs may change from the time the sale catalog is printed until registration papers are transferred.

BREEDING GUARANTEE.

We stand behind all of our bulls and want you to be satisfied, so let us know as soon as possible if there are any problems. Scrotal measurements are actual (not adjusted) as reported at the time of fertility exam, and will be listed on the supplement sheet on sale day. All of our bulls have passed a fertility soundness exam unless indicated on the sale block. All bulls are guaranteed breeding sound. Come with a standard 90 day breeding season guarantee at the onset of breeding season.

ANNOUNCEMENTS.

Announcements made sale day take precedence over printed material in the sale book or other printed material associated with the sale.

A FREE AND FED AMERICA

America Is In Crisis... But You Can Make A Difference

We work tirelessly to be an important resource for information regarding issues that impact animal ownership and property rights so people can take action and get involved. Keeping the public up-to-date on the activities of animal and environmental extremist groups is the first part of our organization's mission statement. This includes zoning and land use rules; and regulations that are infringing on farms, ranches, and animal owners. With that in mind, we have created a resource page on our website that can make taking action easy. The materials we have created provide you with information and steps to be proactive (Part 1) and steps you can take if you find you need to take action (Part 2).

TURNING UP THE HEAT AT LUCAS CATTLE CO.

Be on the lookout for important and impactful changes to the genetic program at Lucas Cattle Company! No, the basics won't change. Sustainable genetics based on regional, fescue resources and a commitment to making cattle easier to raise and profit from will always be the charge at Lucas Cattle, but new commitments to genetic and reproductive technologies are in place for the future.

In addition to high profile changes, like the procurement of the legendary WS Sugar C4 donor, Lucas Cattle Company started this past fall on an ambitious program to incorporate more than 500 embryos annually from some of the highest genetic value females this industry has to offer. The goal is to move forward more quickly and to insure better cattle and better beef. Advancement and balance are key. These matings utilize the most advanced selection tools available to insure progress in an array of production crucial, maternally sustainable and end product traits. That combination of cost reduction and value promotion are designed to deliver profit to their core customers and the larger beef industry, thus promoting the success of rural America. These matings represent one of the largest and most focused efforts in this business to make a difference. Follow along closely to all of the happenings at Lucas Cattle Company and join the effort to be better and more profitable for years to come.

Home of the Great

WS MISS SUGAR C4

The Highest-Producing, Most Genetically-Significant
Simmental Donor in Modern History!

Improved Buying Confidence with Greater Genomic **ASSURANCE**

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

ACCREDITED GENOMIC PLUS – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and they have great EPDs to match!

ACCREDITED CALVING EASE – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

ACCREDITED TERMINAL MATE – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

FROM THE SALE MANAGER

Welcome to the Lucas Cattle Company Fall Bull Sale! What a bright future is ahead of the great Lucas program. The commitment that Lucas Cattle Company has put forth is quite evident in order to earn your business as their genetic provider in the future. The seedstock operation maintains a herd of 1,500 plus females and the Lucas brand also runs a herd of 1,500 commercial females. The sheer volume of cattle the program runs points to the fact they know what genetics work in the heart of the fescue built. The growing embryo program out of some of the nation's most prominent donors only makes us more excited about the future of the Lucas program.

What a great time to be in the beef business. All classes of cattle are pushing against all-time highs in the market, and beef remains as consumers' protein of choice. Continued effort in your genetic selection will improve your operations success during these "good" times in the beef business. If you are looking to build back or expand your herd, we encourage you to utilize heterosis and take advantage of all the technology and data at your disposal. Once again, genetic and performance testing alongside strict selection criteria is represented in every lot of this stout offering.

We hope you can join us for the first weekend of October. As always, if we can assist you in any way, please do not hesitate in reaching out. We would like nothing more than discussing this impressive offering with you.

Sincerely,

Marty Ropp, Corey Wilkins and Jared Murnin

A TRADITION OF EXCELLENCE.

Following in the tradition of Lucas Oil Products and Lucas Cattle Company, Forrest and Charlotte Lucas are proud to announce Lucas Performance Horses.

Forrest and Charlotte Lucas are not strangers to excellence. They brought the nation some of the finest oil products on the market. Over the last 25 years, the Lucas family and Lucas Cattle Company have also curated a large and successful herd of Simangus and Simmental Cattle. With these same goals in mind, Lucas Performance Horses is committed to breeding high quality performance horses for the cutting, reined cow horse, and ranch horse markets.

LUCAS CATTLE COMPANY COMMERCIAL BRED HEIFERS

63 SPRING CALVING COMMERCIAL BRED HEIFERS

Females AI bred to sires including GB Fireball, GW Windfall 285J, Bridle Bit Resource G9117 and CCR Bedrock 5171J. Females will be sorted in groups of calving dates and kind. AI bred females begin calving the last week of January and the natural service females will calve February 11-April 8.

Winning Bidders has the right to purchases the entire lot or gate cut of any number of females

THANK YOU FOR YOUR INTEREST.

THE BEST TOOLS IN MY SHOP

People are keeping their cars longer than ever. They want those older cars to run smooth and strong, despite their age. Lucas Oil Products are created to solve or prevent common mechanical problems in all vehicles, meaning older cars can run like new.

Power and efficiency for the long road ahead.
