

SIMMENTAL SALE

WESTERN *choice*

SATURDAY – DECEMBER 2, 2023

Billings Livestock Commission at 1:00 PM MT

A NOTE FROM THE SALE MANAGER

We would like to welcome you to the 2023 edition of the Western Choice Female Sale. This is one of the strongest offerings assembled for this sale to date. We have some special choice lots that will add genetic value to many herds across the nation, as well as a great offering of bred females and some open show heifer prospects. Remember junior members, the Simmental Regional show will be in Miles City this summer. We also have a great offering of commercial type, replacement females, both bred and open. If you are looking to add cow power to your registered or commercial operation, we feel confident that you can find something that should fit your operation.

It has been a great year in most of the West. We experienced more moisture than in the past. We have seen pasture conditions improve and winter feed sources are the best they have been in years. To top it off, we are experiencing record level cattle prices. It is a very good time to start building your cow inventory, so you can take advantage of this great market. The nation's cow herd is at historically low levels and the rebuilding is slow to come, so we should see these prices hold on for a couple of years. With the increased prices of feeder and fat cattle, we are also seeing historic prices at the seedstock level. However, the commercial bull buyer is becoming more demanding than ever. They are wanting cattle that do it all. So, it is more important than ever that seedstock providers constantly work to raise the bar on their genetics. Now is the time to add a female that you think will improve your genetic base.

We hope you will join us on Friday evening for the Montana Simmental Annual Meeting, and bring the kids for the judging contest on Saturday morning. We would like to thank Miller Simmentals for donating a great Genesis daughter for the heifer raffle. She is very good and her EPDs are excellent. As always, if you have questions about the offering, please reach out to us here at Allied, or any of the consignors.

Sincerely,
Marty Ropp, Rocky Forseth,
Corey Wilkins and Jared Murnin

MONTANA SIMMENTAL ASSOCIATION ANNUAL MEETING

Friday, December 1, 2023

Hampton Inn

5110 Southgate Dr., Billings, MT 59101

6:00 PM SOCIAL

6:30 PM BANQUET

TERMS

All cattle sell under the Suggested Terms and Conditions of the American Simmental Association.

AIR TRANSPORTATION

Billings is served by Northwest, Delta, United, Horizon, Skywest, and America West, and has excellent facilities for light aircraft.

ONLINE BIDDING

Broadcast live online at www.dvauction.com. See page 13 for more information.

EPDS

The EPDs listed are current as of 11/9/2023. Please note the EPDs may change from the time the sale catalog is printed until registration papers are transferred.

INSURANCE

Insurance will be available on sale day.

TRUCKING

Cattle transportation details can be arranged through any of the consignors or by contacting Marty Ropp 406-581-7835.

ANNOUNCEMENTS

Announcements made from the auction block during the sale take precedence over printed material in the catalog or other printed material associated with this sale.

LIABILITY

Anyone attending this sale does so at their own risk. Consignors, sale management and Billings Livestock Commission will not be held responsible for any personal injury for attending this sale.

MONTANA GUARANTEE

Many lots selling with a Montana Guarantee. If the buyer isn't confident the seller offered his very best, he has the option to come to the ranch and pick a replacement from the same calf crop.

We purchased TJ 14J as an open weaned heifer for \$7,000 at the Triangle J Harvest Select Female sale in the fall of 2021. We quickly realized she would go straight into our embryo program as a donor. She was flushed as a true open heifer and has not let us down since. She has averaged 14.6 embryos per flush to this point and shows no signs of slowing down. She represents a true power female and speaks for herself in every facet. Her first group of female progeny recently sold private treaty giving her an early total of \$30,800 of progeny production in the first year with the bull side of her progeny yet to sell as yearlings in the spring of 2024. 14J earns a living on our forest service pasture permit at 6,000ft elevation when she's not being flushed. This is not a pampered donor cow and what you see is what you get! TJ 14J will be on display at the Montana Western Choice sale for viewing as we offer the first flush outside of Table Rock Ranch and Simmentals own flush work. She will also have two weaned open flush mate heifers offered directly following the sale of her flush! Selling a flush to the bull of your choice. Guarantee a minimum of 3 transferable embryos from the flush with one pregnancy if implanted by a certified embryologist. All eggs produced in the flush go to the buyer.

TRCR MISS 14J X BROAD RANGE L7 Sells as Lot 2A.

TRCR MISS 14J X BROAD RANGE L13 Sells as Lot 2B.

Flush and Choice of Flush Sisters

Bred Heifers

PE to CCR ANTHEM (4028639) OR CCR VARSITY (3873072). Confirmed bred and due 3/23/2024. Offering this direct daughter of the 983G cow might go down as one of our not so smart ideas in a few years, but here is your opportunity to take advantage of the #1 cow family in the entire LRS program. For those of you who don't know, we have little to zero tolerance of white on our cattle and this Bred heifer has white on her udder and a small strip between her udder and navel. Her teats are black however. We also believe if we are going to sell one, they better be good and this heifer is flat good. The 983G cow has exploded onto the scene at a very young age with her first seven sons averaging \$16,500 at public auction including LRS Rarity sold to Gibbs farms and Baxley Farms, LRS Dutton who sold to Trauernicht Simmentals, All Beef, and is a member of Select Sires, and LRS Cornerstone to Double T Simmentals. A full brother to this heifer sold to Nelson Livestock Company this past spring and was also utilized back into our program. Her other 3 sons were also sale toppers selling to the progressive commercial cattleman. 983G could possibly be the best Eagle daughter in existence with incredible phenotype and genetic excellence backed by the outcross 437B cow and the great 078X cow. She is due March 23rd to one of our two Cow Camp Ranch bulls we had turned out: CCR Anthem Reg # 4028639 or CCR Varsity reg # 3873072. We will cover the cost of the DNA test to confirm parentage for the new owner. Buy with confidence and take advantage of the opportunity to have a 983G daughter in your herd, as the chances of us ever selling another one is rare. I have not even talked about how good her EPD's are! Please visit www.lassleranchsimmentals.com to view a video of this heifer.

Rare offering from Lassle Ranch Simmentals

AI bred to HA CONVENANT 30K (4040505). Confirmed bred and due 2/27/2024. Confirmed bull calf. When we sorted replacement heifers, we kept this heifer even though she has some white, with the plan to sell her in this sale as a bred heifer. A TJ Flat Iron heifer out of an Eagle Daughter who traces back to the old 559R cow. She ratioed 102 at weaning and kept on going to ratio 109 at yearling time. You will appreciate her for her genetic make up and endless mating opportunities, but also when you evaluate her for her soundness with plenty of shape and brood cow look. Another heifer who would not be leaving the herd if she was solid black. She is AI Bred and carrying a Bull calf sired by HA Covenant 30K reg # 4040505 with a planned mating set of EPD's that are at the top of the breed. Her bull calf could pay for her in the first year. We rarely sell bred females out of our operation, and here is another great opportunity to get into the LRS program. Please visit www.lassleranchsimmentals.com for a video of this heifer.

AI bred to RED HILL BURLEY 991 (3953952). PE to WS JULIUS 26J (3912032). A beautiful, deep, broody Cardinal daughter that has a near perfect set of numbers. D50K comes from a long line of productive cows and the cross with Cardinal appears to have only continued to build the bloodline. Should have an excellent udder and disposition. Her Burley calf should be an exciting addition.

AI bred to C-3 NEXT UP NS B220 J939 (3918028). PE to CLRS KOSHER 832K (4031949). Very moderate, clean made heifer that will out perform her size every time. Very correct structure out of the NLC Big Boss bull we used for a number of years. Her Right Mate mating with C-3 Next Up could be a nice home run.

AI bred to HA JUSTICE 30J (3918028). PE to WS JULIUS 26J (3912032). Thick, wide, deep with an attractive front end, these Genesis daughters have the power behind them to make some even nicer bull calves. She has solid numbers across the board landing her in the top 4% API and 10% TI. Her Right Mate mating with HA Justice should be a good one.

sale notes

LOTS 70-83

14 head of bred cows.

Rocky is changing his calving date so he is offering 14 bred 4 and 5 year old cows that are registered. Cows will be carrying the AI service of CCR Bedrock and King James. These females will sell choice in like groups for type and calving windows. More information will be available at the sale.

*Offered by Rocky
and Anna Forseth*

LOTS 84-88

5 head of open red heifers.

Rymo Cattle is offering a nice set of moderate framed open red heifers. All are January born heifers. Sires will include KBHR All American, HFS Cardinal 133G, KBHR Genetic Force, WS Julius, and GW Hilger. All heifers are registered, GE EPDs, and were mated with Right Mate program. Should be an excellent starter herd group or red herd builder! All have had a full Zoetis vaccination plan and are Bangs vaccinated.

*Offered by Rymo
Cattle Co*

LOTS 89-114

26 head of open heifers.

26 fancy registered open heifers that have been DNA test and Bangs vaccinated. All of the work has been done on these and more pedigree information will be available on sale day.

*Offered by Miller
Simmentals*

LOTS 115-118

4 head of open red heifers.

Sells as a group.
