LIVINGSTON, AL - NOON **12TH ANNUAL SALE** NOVEMBER 16, 2024

85 SIMMENTAL AND SIMANGUS LONG-YEARLING BULLS AND A SELECT GROUP OF SIMMENTAL AND SIMANGUS FEMALES

Welcome to the Sale

Welcome to the 12th Annual Next Step Cattle Company Bull Sale. We could not be more satisfied with how this stout set of Simmental, SimAngus and Angus bulls look for your appraisal on the 3rd Saturday of November. We would like to extend a huge Thank You to the Cole family for all their efforts in developing the bulls and preparing for the sale.

Our group combines nearly 100 years of experience in the seedstock business. We have focused on cattle who thrive in the southeastern climate and maximizes profit for cattlemen in the southeast. Many of the bulls come in a 6+ frame package and are bred to enhance weaning weight and provide ample calving ease. Likewise, the group has made a large effort in increasing the marbling and carcass quality genetics in our bulls. Ultimately, we bred our bulls to increase the marketability of your feeder calves.

Fruitful times in the cattle business has arrived for cow calf producers all across our great country. Producers are receiving record breaking prices for all classes of beef cattle. The demand for US quality beef and the low inventory of the US cowherd has been the driving forces behind the record prices. We get the question on how long will prices stay this strong? Most of the sophisticated price predictors say cattlemen will remain seeing strong feeder cattle prices into 2027. A much larger window than the 2014 and 2015 window of feeder cattle price spikes.

We hope you can join us the 3rd Saturday in November. If you have any questions, please do not hesitate reaching out to any of our team members.

Sincerely,
Next Step Crew

EST.

NOVEMBER 16, 2024

LIVINGSTON, AL - 12:00 NOON

SALE LOCATION

Next Step Cattle Co.
Bull Development Center
200 Bartam St. Livingston, AL 35470

SCHEDULE OF EVENTS

Friday, Nov 15

Bulls will be on display all day.

Saturday, November 16

8:00 AM – 12:00 NOON

Bulls on display

10:30 – 11:30 AM

Complimentary Lunch

12:00 NOON

Video Auction begins

SALE DAY PHONES

Corey Wilkins	256-590-2487
Marty Ropp	406-581-7835
Tommy Brown	205-351-1328
Jimmy Holliman	334-419-0112
Jamie McConnell	205-217-3158
Sale Headquarters	205-301-0618

AUCTIONEER

Chad "Cracker" Johnson 352-535-5320

VETERINARY

Dr. Leslie Williams 601-692-3990

CERTIFICATE OF REGISTRY

After settlement is made, the buyer will be provided with a registration certificate from the American Simmental Association within 60 days of the sale.

BIDDING & DISPUTES

Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids.

TELECONFERENCE BIDDING

There will be a Toll Free Teleconference line available for anyone wanting to bid over the phone. The dial in number is 888-537-7715. Call 334-456-1209 on Friday, Nov. 15 to get a buyer number and the pass code number to be able to bid online sale day.

SALE TERMS

All bulls are to be settled on Sale Day by cash or check and they sell under the Terms and Conditions of the American Simmental Association. Copies of these Terms and Conditions will be available at the Sale Clerk Desk.

PURCHASER'S RISK

Each animal will become the purchaser's risk as soon as the animal is sold. It is advised that insurance be purchased on each bull. Insurance will be available through the Sale Clerk.

UPDATES AND ANNOUNCEMENTS

A supplement sheet correcting or updating information in this catalog will be provided on Sale Day. Also, any announcements from the auction box will take precedence over printed data in the catalog.

LIABILITY

All persons who attend this sale do so at their own risk. Next Step Cattle Co. and its owners assume no liability for property damage or accidents that may occur.

SALE FORMAT

Cattle will sale in catalog order over the video.

HOTEL INFORMATION

Comfort Inn 205-652-4839

141 Trucker Blvd, Livingston

Other hotels are located in Demopolis 27 miles from Sale Site on U.S. Highway 80.

DIRECTIONS TO NEXT STEP CATTLE CO. SALE FACILITY

From Tuscaloosa, AL or Meridian, MS

Take exit 17 off I-20 I-59 at Livingston, AL. Turn east on AL Hwy 28 and proceed 1 mile. Turn right onto Country Club Road. Go 1 mile on Country Club Road and turn left at the Next Step Cattle Co. sign onto Bartram Street.

From Demopolis, AL

Go west on U.S. 80 to AL Hwy 28. Turn right toward Livingston and follow AL Hwy 28 through Livingston to County Club Road. Turn left. Go 1 mile on Country Club Road and turn left at the Next Step Cattle Co. sign onto Bartram Street.

Physical address is 200 Bartram Street, Livingston, AL 35470.

TRUCKING

Alabama and Mississippi:

\$100 dollars per bull

Georgia, Tennessee, Florida, Arkansas:

\$200 dollars per bull

Trucking arrangements for bulls traveling to other states, please reach out to Tommy Brown or Mike Cole.

Improved Buying Confidence with Greater Genomic **ASSURANCE**

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

ACCREDITED GENOMIC PLUS – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and they have great EPDs to match!

ACCREDITED CALVING EASE – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

ACCREDITED TERMINAL MATE – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

About The Bulls

INFORMATION ON THE BULLS

The bulls selling were selected from the top 50% of the 2022 and 2023 calf crops. The breeders have worked hard to combine the growth and maternal traits of the Simmental and Angus breeds in a moderate frame bull with superior carcass potential, while maintaining a breed average birth weight EPD. We have listed as much data as possible on each bull to assist you in selecting the one that will help you reach the goals you have set for your beef operation.

HEALTH

The bulls and cow herds are on the Pfizer Vaccination Program. All bulls have been tested and are negative for PI BVDV. All bulls are eligible for interstate shipment. Any bulls going to Texas or any other state that requires a PCR negative test for trichomoniasis on bulls under 18 months of age will be tested following the Sale and delivery will be arranged once test results are available. Time frame 10-14 days.

BREEDING GUARANTEE

All bulls have had a complete BSE and have passed a semen test and are guaranteed to be breeders for a period of 180 days from sale date, if they have been given proper care. Any claim of a bull being a non-breeder must be in writing to Next Step Cattle Co. along with a veterinarian's statement of the problem by June 5, 2025. If the bull is proven a non-breeder, Next Step Cattle Co. shall at the option of the buyer, replace the bull with another bull of equal value if available or grant the buyer credit on another bull.

TRUCKING

Arrangements have been made for trucking to centralized unloading locations in Alabama and throughout the Southeast, at the least cost possible to the buyer. If you need assistance in getting bulls delivered, contact us prior to Sale Day and we will work with you on getting your bulls delivered as prompt and economical as possible.

RETAINED SEMEN INTEREST

The breeders of the bulls marketed in the Next Step Cattle Co. Bull Sale are retaining a 1/2 semen interest in each bull selling. The buyer will have full possession, full salvage value and 1/2 semen interest in the bull and will be able to market or dispose of the bull in any manner. The breeder will have the option in the future to collect the bull for in-herd use or for marketing semen at their expense and the buyers' convenience. The buyer can participate in the marketing of the semen by sharing in the collection and marketing cost. It is very unlikely that any large amount of semen would be marketed from these bulls, but with the increased opportunities to collect data on cattle in the future, some of these bulls could prove to be valuable to the beef industry.

COAT COLOR

All bulls offered in the sale are homozygous black by parentage or DNA test, with the exception of Lot 34. Lot 34 is a red gene carrier.

WHAT DOES GGP MEAN

GGP stands for Neogen Geneseek Genomic Profiler which is a DNA genomic enhancement of Expected Progeny Differences (EPDs). GGP predictions verify performance, maternal, and carcass traits to increase accuracy and genetic prediction of the individual. Animals with GGP in the ASA/IGS Multi-Breed Genetic Evaluation have an EPD accuracy equal to 15 to 35 progeny records for calving ease and performance EPDs and 6 to 8 progeny records for carcass EPDs. This advanced technology tool provides genetic prediction on yearling animals equal to years of progeny data.

THE NEXT STEP CATTLE PROGRAM

Next Step Cattle Company was formed in early 2013 by a group of performance-oriented breeders that have been breeding, developing and marketing Simmental, SimAngus™ and Angus bulls for beef producers in the Southeast. The bulls selling in this sale represent over 200 years of dedicated efforts by this group of breeders. Bulls bred by each of the breeders below are designated on the second line of the information box for each bull. Their individual herd code or initial is listed to the right of the Herd box.

Contact any of these breeders for information on specific bulls or their breeding program:

HOOK`S GALILEO 210G

Sire of Lots 1-5

Galileo is one of the best true big spread bulls who is high accuracy in the ASA database. The bulls will no doubt be calving ease-oriented sires who will provide ample growth and top tier profit indexes. The bulls are not only outliers on paper as they are easy to admire for their type and kind as well.
