JOIN US FOR AN EXCLUSIVE COLLECTION OF SIMGENETICS

Welcome

Welcome to our 6th Annual Production Sale. We hope this letter finds you and your farm thriving. What an exciting time it is to be in the beef industry! We are glad to partner with the Darby Line family of Triangle J Ranch and Jared & Terri Royer with Terra Sol Beef to bring you a set of SIMGENETICS that can help improve and move your operation forward!

This year we are excited to join forces with ALLIED Genetics and have implemented their top genomics technology into the sale offering. This will provide the most accurate genomic decision making for your operation. All registered sale cattle have been GGP-100K tested to provide you with the most accurate EPDs.

I want to thank my family, Corey Littleton and all sale staff for all their help putting this sale together. It takes a team to get everything done and we are very blessed with a great one!

We invite you to come to the farm ahead of the sale to look through the offering and encourage you to join us Friday night, February 28th at 6PM for a chili dinner along with an informative producer meeting given by the Allied Staff. If you have any questions, please don't hesitate to give one of us a call. We want to earn your business and provide you with genetics that will help your operation.

We look forward to seeing you Saturday, March 1, 2025!

Sincerely,
George Schupback

SALE SCHEDULE

(Times listed are CST)

All sale cattle are available for viewing at any time prior to sale day.

Friday, February 28, 2025

All day Sale cattle available for viewing
Informative producer meeting at the sale facility at 6:00 PM. We encourage you to join us and enjoy a chili supper!

Saturday, March 1, 2025

All day Sale cattle available for viewing
5:00 PM Meal is served. Help yourself to burgers, hot dogs, drinks and dessert!
6:00 PM SALE TIME

ACCOMMODATIONS

There are a few hotel options within the area, closest being Moberly, MO, Macon, MO or Brookfield, MO. There are also Air BnB's close by too!

LIVESTOCK INSURANCE

We cannot guarantee against injury, frost bite, disease, mismanagement, or death. Therefore, we recommend you insure your purchase. If you would like the full protection against mortality, and/ or loss, contact Jame Krieger with Liberty Mutual Insurance at 812-208-0956.

VOLUME DISCOUNTS

- 3 bulls = 3% off
- 4 bulls = 4% off
- 5 bulls or more = 5% off

TRUCKING/ FEEDING OPTIONS

- \$100 off bulls picked up sale day or the following day.
- Free delivery within 300 miles to central locations. Past 300 miles delivery options will be prorated based on mileage, not to exceed \$400 per head.
- 18-month-old bulls need to be delivered or picked up as soon as possible following the sale.
- Yearling bulls can be kept at the farm free of charge until April 15. \$5 per head per day will be charged thereafter.
- All females are to be delivered or picked up no later than the week following the sale.

TERMS AND CONDITIONS

Terms of the sale are cash. Every animal will be sold to the highest bidder. Announced changes on sale day take precedence over printed material in this sale book. Cattle sell under the standard terms and conditions of their respective breed associations.

All cattle are the buyer's property as soon as sold and will be cared for a reasonable length of time at the buyer's risk. Any person attending the sale does so at their own risk. Neither the sale management, owners, not any person connected with this sale, assumes any liability, legal or otherwise. All animals listed in the sale book as homozygous black or homozygous polled are done so to the best of our knowledge. We are not liable for any inaccuracies.

No cattle will be loaded until paid in full.

Improved Buying Confidence with Greater Genomic **ASSURANCE**

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

ACCREDITED GENOMIC PLUS – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward

for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and the they have great EPDs to match!

ACCREDITED TERMINAL MATE – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

ACCREDITED CALVING EASE – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

A NOTE FROM THE SALE MANAGER

Welcome to the 2024 Missouri Select Genetics Production Sale. We are excited to be working with these progressive producers on this sale for the first time! The Schupback, Royer and Line families are committed to raising the best cattle possible by using all of the tools available to them and their passion for this endeavor is refreshing. As you look through this sale catalog you will see some of the most elite genetics in the Simmental and SimAngus breed represented and many of the bulls and females in this sale are a result of the use of RightMate and RightChoice technology. For more information on RightChoice please join us Friday evening before the sale for dinner and an educational presentation on this technology or see the RightChoice page in this catalog.

ALLIED
GENETIC RESOURCES

As you look through this sale book you should be able to find what you are looking for. The yearling bulls are some of the best in the region with a blend of fresh new genetics as well as proven pedigrees to work on fescue. The age advantage bulls are stout and ready for heavy service. The fall bred heifers are very good and could be carrying your next herd bull or replacement female. The open heifers are fancy and have the potential to be your next cornerstone breed piece.

If you have any questions about the offering or need assistance on sale day please reach out to any one of us at Allied. We will be happy to assist.

Sincerely,
Marty Ropp, Corey Wilkins and Jared Murnin

BALD EAGLE

Bald Eagle is a large percentage of the genetic foundation at Terra Sol Beef. His daughters are perfect uddered and are exemplary mothers. His genetic merit continues to rise as more progeny performance data are recorded. He really shines when crossed with Angus females - M002 is a perfect example in the sale offering. L303 and L317 are full sibs - He is their maternal grandsire. Semen available at Cattle Visions

KSU BALD EAGLE 53G Sire of Lot 26.

PLAY BALL

Three full sib, fall-bred Play Ball daughters are offered in the sale. Play Ball is an excellent Angus bull for use on Simmental genetics due to his top 1% ranking in growth and marbling combined with an elite maternal pedigree. His daughters are visually impressive, showcasing his density, stoutness, and thickness. Play Ball's hair shedding and easy-keeping nature are valuable maternal traits. Semen is available at Cattle Visions.

CULMINATION

Gibbs Culmination is the AI Service Sire for L317 and L322. His 2024 fall born progeny came easy at Terra Sol Beef and Gibbs Farms and, to date, they look amazing! You will see his progeny featured at Gibbs and Missouri Select Genetics sales in the coming years. Sound as a cat, slick haired, and unrivaled growth performance. Definitely one of the most complete Purebred Simmental bulls I've ever witnessed. Semen available at Cattle Visions.
