

BLACK SUMMIT

— ANNUAL —
Bull Sale FRIDAY 1:00 PM
MARCH 21

Black Summit Cattle Sale Facility || 1476 Hwy 14A, Powell, WY 82435
SELLING 97 PAP-TESTED SIMANGUS BULLS

Howdy Folks

It sure doesn't seem possible that it's Bull sale time again. It's very humbling to think back over the last year and realize how Blessed we have been. We couldn't be more thankful and Proud how this years Bulls have developed on "The Hill".

There is a fine line we have to walk as Seedstock Providers on bull development. We feel strongly that a calf needs to be able to express his Genetics while keeping them athletic and in good shape. Hopefully you agree this group is just that.

As you go through the offering, we think you'll noticed our desire to offer uniform, large groups that are not only Balanced in their Genetic makeup, but physically as well. Whether you need 2 or 20 bulls you can find them here. We should have most of our Herd Bulls back from studs and here for the sale. Come look at where we're headed. We think you'll be impressed.

We Pray your calving season is going great and hope you can join us on March 21st at the Ranch. Seeing everybody and catching up on Life truly makes it the Best Day of the year.

Blessings, *The LaFollettes*

BREEDING GUARANTEE All bulls selling in the sale have passed a Complete Breeding Soundness Exam. However, all bulls should still be rechecked as close to turnout as possible. This guarantee does not cover injury, infectious disease, mismanagement, neglect and/or death. We ask that you contact us immediately before culling or disposing of the bull should anything occur. From the Sale Manager

Welcome to the 2025 Black Summit Bull Sale. We are excited about this set of bulls being offered and the depth of quality this year is second to none. Each year the Lafollette family turns up the quality of the offering by using some of the best genetic tools available in the industry while keeping good cattleman principles in place to ensure the cattle work in the real world not just on paper. When you look at the herd sires that they source it is a list of the who's who in the industry. From Homeland, Fast Track, Country Boy, to Blackout that produced the bulls in this offering to new young herd sires that you will hear more about like Summit, who sold through this sale last year, Credentials, and Locomotion the herd bull battery is as stout as any program in the country.

The goal at Black Summit is to produce the best cattle possible with industry leading customer service. The commitment to their customers is something you do not find with every bull producer. The Lafollette's work hard at ensuring that their bull customers succeed by helping them place their feeder calves. If you need assistance marketing your calves sired by Black Summit bulls, please reach out Quin, Gavin or Rocky Forseth. Black Summit has also been invested in helping their customers make the best genetic selection decisions possible. One of the ways they have done this is by RightChoice testing the bulls in the offering the past couple of years. This gives bull customers a level of confidence that the bulls they purchase will meet their breeding objectives.

If you have any questions about this offering, please reach out to any one of us on the Allied team. We would love to visit with you about the bulls as well as the services offered when you purchase a Black Summit bull.

Sincerely, Marty Ropp, Corey Wilkins and Jared Murnin

Improved Buying Confidence with Greater Genomic **ASSURANCE**

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

ACCREDITED GENOMIC PLUS – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and they have great EPDs to match!

ACCREDITED CALVING EASE – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

ACCREDITED TERMINAL MATE – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

Homeland was our purchase in the 2021 Bred for Balance sale with ABS Global and All Beef. He has become one of the most popular SimAngus bulls in the land. His great phenotype and near flawless structure are things folks appreciate when they see Homeland in person. He is also very balanced from an EPD standpoint ranking near the top of the breed for growth, maternal, stability, docility, and carcass traits as well as \$API and \$TI. Homeland daughters are phenomenal with near perfect udders. He is proving to be not only a great sire for performance traits he is also gaining respect as a great maternal sire.

FAST TRACK SONS

Fast Track is the sire of the 2024 sale topping bull BSUM Summitt purchased by Genex and All Beef, LLC and Wade Small. Fast Track is producing cattle with excellent phenotype, great structure and muscle shape. He ranks in the top of the breed for growth with balanced calving ease as well as adding marbling and docility. He ranks in the top 15% for \$API and the top 10% for \$TI. His sons are very impressive this year and he continues to produce the great type and kind that we strive for with balanced EPDs.

LIGHTER COWS

Today's industry pays big for heavy fat steers, but your pocketbook demands smaller cows. What to do?

The answer is clear, dependable data and the courage to bypass traditional straightbreeding.

Simmental-influenced cows are an average **74 lb. lighter** at maturity than Angus-sired counterparts.^a

Meanwhile, packers pay **\$20 to \$34 more** for SimAngus™ and Simmental-sired steers than English-sired calves.^b

Finally, raise efficient cows and high-performance calves. The proof is in the data – and the cash.

^aUSMARC, Zimmerman, M., et al., "Breed and heterotic effects for mature weight in beef cattle," *J. of Anim. Sci.*, Vol. 99, 2021. Adjusted for sire sampling, Angus was the heaviest at maturity among the 16 breeds evaluated. Solutions are deviations from Angus. YW EPDs were extracted from genetic evaluations conducted in 2019. Estimate of MWT differences at 6 years of age. The Bulls in this sale offering qualify for Superior Progressive Genetics

Superior Progressive Genetics (SPG) is a Value Added Program launched by Superior Livestock Auction to create a premium for commercial cattlemen when they sell calves on Superior by identifying load lots of cattle sired exclusively by bulls purchased directly from qualified seed stock producers. SPG brings attention to the investment commercial cattlemen have made by doing business with leading seed stock producers. T-Heart Ranch and their bull buying customers will be recognized by branding the SPG icon and T-Heart Ranch logo on qualified load lots as the cattle sell on Superior's video sales live on RURAL TV and the internet. In addition to the qualified lots being identified on television, the lots will also be branded as SPG in Superior Livestock Auction's print and web sale catalogs. The premium for qualified SPG lots selling on Superior in 2015 was on average \$3.26/cwt.

Additional Benefits to Commercial Cattlemen Selling on Superior:

- *Doing business with a reputable company who has your best interest in mind.*
- *Superior ties the commercial and purebred cattle industry together full circle.*
- *Largest cattle auction in North America along with the largest active buyer list.*
