## TRIANGLE J Ranch

Welcome to our Harvest Select Female Sale! We cannot wait for you to analyze this year's line-up!

The purpose of this sale is to offer our very best and our latest genetics. Our 2025 sale will take this mission statement to a new level.

We are offering our best set of Bred Heifers to date. We have hand-picked at least one outstanding bred heifer from many of our 2023 flushes. These outstanding females will be full sisters to many of the high selling bulls in our 2025 Bull Sale, like the \$60,000 TJ Supreme, TJ Say When and Logical.

The open heifer line-up will be our best ever. We will include heifers from every flush and many of the best flushes will sell in their entirety. Every heifer born sired by Frosty, War Paint, and Sandhills Swag will sell. There are many new blood lines in the sale which include daughters of Undisputed, Mega Millions, Medicine Man, Primal, Klondike, North, and Promise Land.

The Darby Line Family

I want to thank all of you for past support of this sale. The most pleasing part of this business is to see your success from purchasing Triangle J cattle. Keep sending those pictures of your animals and their progeny. I love seeing Harvest Select females in their new homes.

See you on November 2<sup>nd</sup>!

Sincerely,  
Darby Line

Welcome to the 2025 Triangle J Harvest Select Female Sale. Once again, buyers will find one of the largest female offerings of Sim Genetics that 2025 has to offer. The sale features a blend of cutting-edge genetics and time-tested pedigrees from the heart of the Triangle J herd. The females who have come out of this sale have gone on to make a large impact on numerous herds across the country. If buyers are looking for a cornerstone breeding piece or a large number of females, the Harvest Select Female Sale will meet their needs.

The females are backed by simply one of the best Simmental herds you will find. The Triangle J program is trusted by hundreds of commercial cattlemen each year as a bull provider. Many of the top bulls in the industry in terms of semen sales carry the TJ prefix and the impact the herd has on the beef business is rivaled by few. This year, buyers will have the chance of purchasing the entire sire groups of several exciting herdsires along with some exciting females coming from the Triangle J embryo transfer program.

The beef industry has experienced incredible prices over the last few months. Cattlemen have received record prices for cattle all summer and through the fall. Herd expansion is without a doubt on the horizon and the Harvest Select female sale allows buyers to build back with simply some of the best females you will find. We hope you will join us on November 2nd in Miller, Nebraska. Expect great hospitality from the Line family and an incredible offering of cattle. If we can be any assistance to you, please do not hesitate in reaching out.

Sincerely,  
Marty Ropp, Corey Wilkins and Jared Murnin

# harvest SELECT

## SUNDAY, NOVEMBER 2, 2025

At the ranch in Miller, Nebraska • 1:00 PM (CT)

### SALE LOCATION

At the ranch, 6 miles North of Miller Nebraska on Hwy 183, then 1 mile West and 1/2 mile South.

### SALE DAY PHONES

| Jeremy Ruble   | 406-581-7940 |
| Marshall Ruble | 515-231-3198 |

### INSURANCE

A representative of Harding & Harding Insurance will be available at the sale site.

### HOSPITALITY

Please join us for a complimentary lunch on sale day.

### REGISTRATION AND TRANSFER

Registration certificates will be transferred to buyers upon request at the seller's expense. When making settlement, buyers must give complete written name and address information for making transfers.

### ABSENTEE BIDS

Anyone wishing to bid who cannot attend the sale may place phone or mail bids by contacting any of the Line family, sale management, or sale staff.

### TERMS AND CONDITIONS

Terms of the sale are cash. Every animal will be sold to the highest bidder. Announced changes on sale day take precedence over printed material in this sale book.

All cattle are the buyer's property as soon as sold and will be cared for a reasonable length of time at the buyer's risk. Any person attending the sale does so at their own risk. Neither the sale management, owners, nor any person connected with this sale, assumes any liability, legal or otherwise. All animals listed in the sale book as homozygous black or homozygous polled are done so to the best of our knowledge. We are not liable for any inaccuracies.

### SALE ACCOMMODATIONS

For assistance with your travel or motel arrangements, please contact Darby or Annette Line, 308-457-2505.

Kearney, NE - Holiday Inn - Interstate 80  
308-237-5971 or 1-800-228-2828  
Lexington, NE - Comfort Inn - Interstate 80  
308-324-3747

There are several major hotels along I-80 in Kearney.

### TRUCKING

Trucking options will be available on sale day.

### HEALTH

All cattle have health papers and are ready for interstate shipment. Overton Veterinary Services 308-324-7202.

### ONLINE BIDDING

Bid live online at [www.dvauction.com](http://www.dvauction.com). For more information, see page 41.

## *ASA Quick Reference to EPDs, Indexes and \$Values*

EXPECTED PROGENY DIFFERENCES (EPDs): EPDs are the most accurate and effective tool available for comparing genetic levels. In using EPDs, the difference between two sires' EPDs represents the unit difference expected in the performance of their progeny. For example, if sires A and B have EPDs of +10 and -5, a 15-unit difference would be expected in their progeny (moving from -5 to +10 yields 15 units). Key to using EPDs is knowing in what units they are expressed. For example, if the above case referred to weaning weight EPDs, sire A would be expected to sire 15 pounds more weaning weight than sire B. If calving ease was the trait, sire A would be expected to sire 15 percent more unassisted births in first-calf heifers; in other words, if sire B sired 30 assists in a group of 100 heifers, we would expect sire A to require 15 assists. A percentile-ranking chart is required to determine where a bull's EPDs rank him relative to other bulls in the breed. For more detailed information about EPDs and \$ indexes, visit [www.simmental.org](http://www.simmental.org).

Listed below are the units in which ASA EPDs are expressed:

ALL-PURPOSE INDEX (API): Dollars per cow exposed under an all-purpose-sire scenario.

BACK FAT (BF): Inches of carcass backfat at 475 days.

BIRTH WEIGHT (BW): Pounds of birth weight.

CALVING EASE (CE): Percent of unassisted births when used on heifers.

CARCASS WEIGHT (CW): Pounds of carcass weight at 475 days.

DOCILITY (DOC): Percent of offspring receiving a disposition score of 1 (docile).

MATERNAL CALVING EASE (MCE): Percent of unassisted births in first-calving daughters.

MILK (MLK): Pounds of weaning weight due to milk.

MARBLING (MARB): Carcass marbling score at 475 days.

MATERNAL WEANING WEIGHT (MWW): Pounds of weaning weight due to milk and growth.

RIBEYE AREA (REA): Square inches of carcass ribeye at 475 days.

TERMINAL INDEX (TI): Dollars per cow exposed under a terminal-sire scenario.

WEANING WEIGHT (WW): Pounds of weaning weight.

YEARLING WEIGHT (YW): Pounds of yearling weight.

YIELD GRADE (YG): Carcass yield grade score at 475 days.

\$ INDEXES: Though EPDs allow for the comparison of genetic levels for many economically important traits, they only provide pieces of the economic puzzle. This is where \$ indexes come in. Through well-conceived, rigorous mathematical computation, \$ indexes blend EPDs and economics to estimate an animal's overall impact on integrated commercial production. The same technology that led to the dramatic progress in swine, poultry and dairy genetics over the last several decades was used to develop the following \$ indexes:

ALL-PURPOSE INDEX (API): Evaluates sires for use on the entire cow herd (bred to both Angus first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.

TERMINAL INDEX (TI): Evaluates sires for use on mature Angus cows with all offspring put on feed and sold grade and yield.

For more detailed information about EPDs and \$indexes, visit: [www.simmental.org](http://www.simmental.org)

TJ 22J Grandam of Lot 1.

Lots of opportunities are represented in this incredible Mega Millions daughter. She ties several of our most proven cow families, and her pedigree is layered with incredible maternal genetics. Physically, this sound-footed, big-bodied female raises the bar for combining elite phenotype with outstanding figures.

*Mega Millions x 36L*

131N Sells as Lot 2.

## Mega Millions x 72L

Striking phenotype combined with balanced figures is represented in the 72L flush. She made it to the embryo transfer program with her incredible look and balance. The grandam of the flush 95A has been our go-to female maker in our herd for years.

Another great flush of white-faced purebred females. These females pack an extra punch of rib shape and muscle shape. We are confident they have all the makings of being cornerstone breeding pieces for any operation. Likewise, their genetic figures place them at the forefront of the IGS database for indexes.

JC MR PONTIAC D114K Sire of Lots 11-13.

GIBBS SIGNATURE 2510K Sire of Lots 14-18.

Huge horsepower heifers who will provide extra length and extension. Signature was a herd bull we chose to test, and we have been extremely pleased with the results. The heifers offer an immense amount of visual performance and muscle shape. Remember the pedigree closely, as their brothers will be highlights in the Spring bull sale.

Signature x F3L

## Jackson x Miss 796F

A trio of Five Star Jackson females who are backed by Dillan's 796F donor. The lead female in the flush is simply incredible and comes in a homozygous black package. They offer outcross opportunities to many of today's popular purebred pedigrees!

**MS MISS 306R** Grandam of Lots 25-29.

We went back to the well and used Heisman in the embryo program. Our Heisman daughters have been flat getting it done, and the 22C donor, along with our sisters, have been staples of the transfer program for years. These sisters will offer a highly predictable and will be great breeding pieces.

*Heisman x 22C*

**TJ GOLD STRIKE 506J** Sire of Lot 26.

## SANDHILLS SWAG DAUGHTERS

Exciting new baldie genetics we have to offer in 2025. Swag was a high seller in the 2024 bull sale, and we have been very pleased with the offspring we have to offer. Buyers are getting the entirety of the sire group to sort through, and we feel you will be impressed. The females, in terms of presence and physical appeal, are absolute show stoppers. They cover all the fundamentals and have incredible balance and look. We are excited to see what these SimAngus females will do for your program.

## MEDICINE MAN DAUGHTERS

Medicine Man was another sire group we chose to market in their entirety in 2025. We expect these widely outcross pedigrees to offer mating flexibility and provide first-class genetic value. The females are moderate framed, dense in their build, and super correct in their angles. They have all the makings of being low-maintenance SimAngus cows who will provide value and genetic advancement.

**GW MEDICINE MAN 200K** Sire of Lots 47-65.

## WAR PAINT DAUGHTERS

We are offering every TJ War Paint open heifer in the 2025 Harvest Select Female Sale. The females are eye-catching from a type and physical standpoint. They are easily one of the most attractive sire groups in the entire calf crop. Genetically, these females offer a balanced genetic profile across the board. We are confident this deep sire group will bring excitement sale day.

**TJ WAR PAINT 759J** Sire of Lots 66-74.

## FROSTY DAUGHTERS

The Frosty sire group were once again crowd favorites at last year's bull and female sales and represents consistent producers who will sire wonderful females. The Frosty progeny are deep sided, square made and many come in a blaze faced package. Likewise, the cattle excel at the details being great for disposition and hoof quality. The consistency and quality Frosty transmits to his progeny rivals any baldie bull we have utilized in the past. Also, every open Frosty daughter is featured in the sale.

**TJ FROSTY 318E** Sire of Lots 75-87.

## PRIMAL DAUGHTERS

Fresh SimAngus genetics which will be a staple in our breeding program moving forward, is what the Primal sire group represents. We could not be more pleased with what we have seen from his first progeny. The cattle are huge, ribbed, big-topped, and have all the makings of great SimAngus cattle. The females in the sale excite us, and we are equally impressed by his bulls they will absolutely be standouts in the spring of 2026.

CCR PRIMAL 8036K Sire of Lots 88-92.

444N Sells as Lot 88.

## KLONDIKE DAUGHTERS

Klondike a lead SimAngus bull for ABS, and his popularity will continue to grow after every calf crop. The cattle offer a no hole phenotype and great genetic figures. The females are beautiful structured, easy keeping and will be big-time producers. Expect Klondike to be one of our go-to SimAngus bulls for years to come.

**TJ KLONDIKE 549K** Sire of Lots 93-95.

**341N** Sells as Lot 93.

## GOLD STRIKE DAUGHTERS

We have eagerly been awaiting the opportunity to market the first Gold Strike progeny. He was a former sale highlight and is one of the lead Simmental bulls for Select Sires. The cattle excel at basics, being big ribbed, sound-footed, and study with extra stoutness. If you are looking for cattle with balanced figures and type look no further.

## OUR CUSTOMERS COME FIRST.

### Seedstock:

- Bulls available at our annual bull sale and private treaty  
*Some lease bull options.*
- Females available at our annual female sale  
*Open and bred females offered.*
- Commercial Replacement Heifers  
*Contract commercial bred heifers.*  
*All bred to fit your calving window.*

### Semen on Triangle J Bulls:

- We can do custom AI projects for you.

### Feeder Cattle:

- Video Auctions
- Direct bid from Feedyards
- Retain ownership (any %)  
*Can get 75% of the value of your calf at load out time on retained ownership calves.*
- Carcass Data

Contact Triangle J today for all of your needs. Customer service is our GOAL.

Visitors always welcome and herd tours are available.

## TROOPER DAUGHTERS

Trooper is an absolute marvel to study in person. His added power and body, combined with his physical presence, make him one of our favorite bulls in our herd bull battery. The females in by Trooper are absolute brutes and will be valuable replacements for any herd.

**TJ TROOPER 504J** Sire of Lots 102-110.

## MEGA MILLIONS DAUGHTERS

Mega cattle combine breed leading figures with very pleasing phenotype. We sampled him heavily in our embryo program and in the cowherd. The progeny offer top-tier performance and will make incredible brood cows. The quality and consistency of the Mega Millions cattle will make buyers very pleased. These high valued striking phenotype females will make the standouts on sale day.

## BOLD RULER DAUGHTERS

We decided to feature a very large offering of KBHR Bold Rulers in the heifer sale. Bold Ruler is cementing himself as one of the very best purebred bulls in the beef business. The cattle bring a strong set of genetic predictors and offer a blend of both maternal and terminal superiority.

Physically the cattle will improve fleshing ability, structure, and docility. Expect the Bold Ruler females to serve as the backbone of our program for years to come.

**KBHR BOLD RULER H152** Sire of Lots 130-137.

**TJ 76L** Dam of Lot 130.
