## SALE SCHEDULE

*Times listed are CST.*

All sale cattle are available for viewing at any time prior to sale day.

### FRIDAY, DECEMBER 12, 2025

All day Sale cattle available for viewing.

### SATURDAY, DECEMBER 13, 2025

All day Sale cattle available for viewing.

Noon Meal is served

1:00 PM SALE TIME

## ACCOMMODATIONS

There are a few hotel options within the area, closest being Moberly, MO, Macon, MO or Brookfield, MO. There are also Air BNBS close by too!

## LIVESTOCK INSURANCE

We cannot guarantee against injury, frost bite, disease, mismanagement, or death. Therefore, we recommend you insure your purchase. If you would like the full protection against mortality, and/ or loss, contact Jame Krieger with Liberty Mutual Insurance at 812-208-0956

## TERMS AND CONDITIONS

Terms of the sale are cash. Every animal will be sold to the highest bidder. Announced changes on sale day take precedence over printed material in this sale book. Cattle sell under the standard terms and conditions of their respective breed associations.

All cattle are the buyer's property as soon as sold and will be cared for a reasonable length of time at the buyer's risk. Any person attending the sale does so at their own risk. Neither the sale management, owners, not any person connected with this sale, assumes any liability, legal or otherwise. All animals listed in the sale book as homozygous black or homozygous polled are done so to the best of our knowledge. We are not liable for any inaccuracies.

No cattle will be loaded until paid in full.

## DELIVERY

All females are to be delivered or picked up no later than the week following the sale.

## BULL SALE CREDITS

Purchase 10 heifers, receive a \$250 credit towards a bull purchase at our sale.

- 20 heifers - \$500 credit
- 40 heifers - \$1,000 credit

## ONLINE BIDDING

Bidding is available through DVAuction. See page 2 for more information.

# Welcome

Welcome to our 1st Annual Bred Female Sale! Jared Royer and I want to thank you for your interest. We have diligently sorted through these females for disposition and quality. This set of bred heifers will make great replacement females and the opportunity for you to capitalize on replacing older females with heifers and add new genetics to your herd.

Jared and I sourced these heifers from our own herd, off the farm from bull customers and fellow breeders.

We DNA tested all registered females and did ULD testing on the commercials. With this testing we RightMated all the females to select the best genomic tested sire for each individual heifer. All AI bulls and pasture herd sires are ACE (Accredited Calving Ease) to ensure easy calving.

With the females being DNA'd, you can use ALLIED's program called, RightBull. You can use this service on our bull offering on Saturday, March 7, 2026 when re-breeding the heifers next spring. RightBull will give you the top choices from our bulls that will be the most compatible for the females.

We invite you to come take a look and if you have any questions, please don't hesitate to reach out to me or any of the sale staff.

Sincerely,  
George Schupback & Jared Royer

George Schupback Family

# A NOTE FROM THE SALE MANAGER

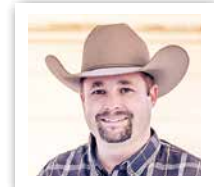

Welcome to the first annual Missouri Select Female Sale. This offering is full of the “herd building kind.” As you look through this catalog you will see a select group of registered bred heifers that are daughters of some of the top A.I. sires in the industry. Some of these females are confirmed safe in calf to the up-and-coming AI sire Gibbs Foundation. The commercial females have been selected and sorted multiple times for quality and disposition. These females will sell in groups that have a tight calving window. Some of these commercial females are A.I. bred and all of these females have been selectively mated using RightMate technology. Both the registered and commercial females are DNA tested and with the use of RightMate have been selectively mated to bulls that match the females for calving ease and performance. With the use of RightMate you can buy with a level of confidence that these females will calve easy and the resulting calf will grow. For more information, please see the RightMate info page in this sale book or go to the Allied Genetic Resources website [www.alliedgeneticresources.com](http://www.alliedgeneticresources.com).

With the cow herd at an all time low and record prices in every sector of the cattle industry now is the time to get quality females around you. The market signals show that we should see these prices for the next two, maybe, three years. Now is the time to invest in bred heifers to take advantage of these high calf prices. Currently bred heifers, in my opinion, are the buy in the industry. With these current prices they should be paid off by their third calf and you still are left with a cow in the prime of her life. So, it makes sense to invest in quality young females just like the ones in this offering.

If you have any questions about the females in this sale or RightMate please reach out to one of us on the Allied team. As always, we are glad to be of assistance.

Sincerely,  
Marty Ropp, Corey Wilkins and Jared Murnin

# Improved Buying Confidence with Greater Genomic **ASSURANCE**

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

**ACCREDITED GENOMIC PLUS** – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and they have great EPDs to match!

**ACCREDITED CALVING EASE** – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

**ACCREDITED TERMINAL MATE** – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

SFLC 031M Sells as Lot 1.

BRIDLE BIT ECLIPSE E744 Sire of Lots 1-3.

Pasture exposed to TJ 1600M (4368782) & TJ 591M (4366422) - TJ Arrowhead sons. Due to calve 2/20/2026. Confirmed heifer calf.

We chose to lead off the sale with this moderate framed, ultra-complete female. Sired by Bridle Bit Eclipse on a TJ 50K commercial cow. Her data set along with carrying G+ and ACE logo make her a candidate to be rightmated back to a purebred bull for breed improving progeny.

TJ HEISMAN 388F Maternal grandsire of Lots 2, 3.

SFLC 656M Sells as Lot 3.

SFLC 07M Sells as Lot 2.

Lots 2 & 3 are flush sisters from our Bridle Bit Eclipse x 247J TJ Heisman donor. These 2 heifers are 6.5 frame if you are looking for females to make larger frame bulls. This was a very successful flush as we sold a full sib bull to Rodney Seals and 2 sisters to Brad Nahnkust and Dawn Brewer in our spring sale.

AI bed to Gibbs Foundation 3019L (4284582). Due to calve 1/15/2026. Confirmed bull calf.

M16B Sells as Lot 14.

GIBBS FOUNDATION 3019L Service sire of Lots 2, 4, 10, 14, 16, 36, 37, 40, 41, 45, 54, 56, 57, 61, 71, 72, 77, 82, 85, 89, 92, 99, and 101.

**GIBBS FOUNDATION 3019L**

Foundation was our pick at the Gibbs 2024 fall sale. He offers calving ease and everything else in a bigger framed package with amazing structure and eye appeal. His outcross pedigree makes him an easy choice for more traditional Sim pedigrees. Great Docility, CE, MCE, STAY and Marbling all combine for an \$API ranking in the top 1% and still breaks +100 for \$TI.

M814 Sells as Lot 15.
