TRIANGLE J Ranch

Welcome to our annual Harvest Select Female Sale!

The offering this year is from the very top end and we sure want to offer something for everyone, including some powerful highlights.

The open heifer group is again very special. Sale highlights will include every Baldy heifer raised in 2026! Every year we try and come up with a special sale offering and every Baldy heifer raised from us in 2026 is truly unique and something we are proud to offer. A few more highlights will be our TJ Supreme and TJ Full Court open heifers. They will be the first ones ever offered here at Triangle J and we decided to put on the sale our very best from these two sire groups. Lots of exciting matings are included straight from the embryo program as well.

The strongest bred heifer group ever will be offered, bred to meet everyone's calving window. All Bred Heifers carry progeny from proven heifer bulls or the latest and most exciting heifer bulls in our breed.

Last but not least, we are again offering 4 of our most elite Donor cows. When you pick one out, you can go through the bull pens, look at their progeny and see why they have been front end Donor's for us by studying their progeny.

The Darby Line Family

Thank you for sharing your stories of success that each of you have had purchasing Triangle J Genetics. With another promising year ahead in the cattle business, we hope to see all of you November 1st to add exciting genetics to your program. Thanks again for your past purchases and please call with any questions.

See you November 1st!

Sincerely,
Darby Line

Welcome to the 2026 Triangle J Harvest Select Female Sale. What a phenomenal set of females the crew at Triangle J has produced for your evaluation on November 1st. Once again, buyers will find one of the largest offerings of females to sell in 2026 in Miller, NE.

After sorting through the cattle, you will find some new sire groups to evaluate in the 2026 female sale. The Full Courts, Supremes, Megabytes, and many more in the open division are reasons to get excited. The operation has dug deep in selecting the opens and is offering the deepest set of open females in recent memory. Likewise, every black-whited-faced born female in 2026 is featured in the sale. Ultimately, if you are looking for that one cornerstone breeding piece or a large volume of opens, the sale offering will fit your needs. The bred division offers females that embody the maternal traits you expect from the Triangle J program. Study the pedigrees and breeding info carefully and it is hard not to be impressed with this great group of bred females.

Once again, we hope you can make the trip and be with us on November 1st in Miller, Nebraska. The Triangle J program has established itself as the premier seedstock provider for Sim Influenced cattle over the last decades. You have the chance to purchase females who will produce sale-topping bulls while having the maternal traits to last for years to come. As always, if we can be of any assistance, please reach out.

Sincerely,
Marty Ropp, Corey Wilkins and Jared Murnin

INSURANCE

A representative of Harding & Harding Insurance will be available at the sale site.

HOSPITALITY

Please join us for a complimentary lunch on sale day.

SUNDAY, NOVEMBER 1, 2026

At the ranch in Miller, Nebraska • 1:00 PM (CT)

REGISTRATION AND TRANSFER

Registration certificates will be transferred to buyers upon request at the seller's expense. When making settlement, buyers must give complete written name and address information for making transfers.

ABSENTEE BIDS

Anyone wishing to bid who cannot attend the sale may place phone or mail bids by contacting any of the Line family, sale management, or sale staff.

TERMS AND CONDITIONS

Terms of the sale are cash. Every animal will be sold to the highest bidder. Announced changes on sale day take precedence over printed material in this sale book.

All cattle are the buyer's property as soon as sold and will be cared for a reasonable length of time at the buyer's risk. Any person attending the sale does so at their own risk. Neither the sale management, owners, nor any person connected with this sale, assumes any liability, legal or otherwise. All animals listed in the sale book as homozygous black or homozygous polled are done so to the best of our knowledge. We are not liable for any inaccuracies.

TJ 22J Grandam of Lots 1-3.

We are really excited about what we are seeing from the TJ Supreme calves highlighted by the 36L flush sisters. We feel strongly the Supreme progeny will be the next generation of purebred genetics in our program. The 36L Flush Sisters represent cattle that could move any program ahead. The blend of their figures and type is rivaled by few. They are backed by one of our most productive cow families in 36L who is stacked with multiple donor dams in her lineage.

SUPREME DAUGHTERS

One of your favorite sire groups in 2026 will be the TJ Supreme progeny. The cattle are doing everything we expect having extra growth, power and prolific figures while maintaining great type and kind. The purebred heifers in the group will no doubt get you excited about this sire group and will be real breeding pieces for their new homes.

TJ SUPREME 504M Sire of Lots 22-26.

FULL COURT DAUGHTERS

The Full Court females are some of our best built and most maternal sire groups we have at the ranch. They are truly the cattlemen's kind being deep bodied, elite structured and eye catching from the side. If the first progeny are any indication expect them to be staples in the Sim-Angus business for years to come!

TJ FULL COURT 502M Sire of Lots 27-31.

MEGABYTE DAUGHTERS

Here is some fresh new genetics for customers. The Megabyte sire group not only offer outcross genetics but are top notch for their type and kind. The cattle have added performance and length and are great for structural correctness. We feel these females will be very well received on sale day and will be top flight replacements for customers.

CLRS MEGABYTE 1415M Sire of Lots 32-41.

SANDHILLS SWAG DAUGHTERS

Exciting baldy genetics in 2026! Swag was a high seller in the 2024 bull sale, and we have been very pleased with the offspring we have to offer. Buyers are getting an outcross sire group to sort through, and we feel you will be impressed. The females, in terms of presence and physical appeal, are absolute show stoppers. They cover all the fundamentals and have incredible balance and look. We are excited to see what these Sim-Angus females will do for your program.

TJ SANDHILLS SWAG 816L Sire of Lots 42-47.

SIGN HERE DAUGHTERS

Sign Here was one of our favorite phenotype bulls in the 2025 Bull Sale.

We are proud to say his progeny hold that same type of look and eye appeal. When we decided to market all the Baldy females the Sign Here cattle provided many! Study the pedigree closely and you will find the cow making kinds.

TJ SIGN HERE 512L Sire of Lots 48-56.

304P Sells as Lot 48.

PRIMAL DAUGHTERS

No holes, broody, slick hair cattle can be found in volume in the Primal sire group. We could not be more pleased with what we have seen from his progeny. The cattle are huge, big ribbed, big-topped, and have all the makings of great Sim-Angus cattle. The females in the sale excite us, and we are equally impressed by his bulls. They will absolutely be standouts in the spring of 2027.

CCR PRIMAL 8036K Sire of Lots 76-88.

MEGA MILLIONS DAUGHTERS

Mega cattle combine breed leading figures with very pleasing phenotype. We sampled him heavily in our program to be our source of calving ease genetics. The progeny offer top-tier performance and will make incredible brood cows. The quality and consistency of the Mega Millions cattle will make buyers very pleased. These high valued striking phenotype females will make standouts on sale day.

MEDICINE MAN DAUGHTERS

Medicine Man continues to grow in popularity in the Simmental business. We expect these widely outcross pedigrees to offer mating flexibility and provide first-class genetic value. The females are moderate framed, dense in their build, and super correct in their angles. They have all the makings of being low-maintenance Sim-Angus cows who will provide value and genetic advancement.

GW MEDICINE MAN 200K Sire of Lots 98-105.

ASA Quick Reference to EPDs, Indexes and \$Values

EXPECTED PROGENY DIFFERENCES (EPDS): EPDs are the most accurate and effective tool available for comparing genetic levels. In using EPDs, the difference between two sires' EPDs represents the unit difference expected in the performance of their progeny. For example, if sires A and B have EPDs of +10 and -5, a 15-unit difference would be expected in their progeny (moving from -5 to +10 yields 15 units). Key to using EPDs is knowing in what units they are expressed. For example, if the above case referred to weaning weight EPDs, sire A would be expected to sire 15 pounds more weaning weight than sire B. If calving ease was the trait, sire A would be expected to sire 15 percent more unassisted births in first-calf heifers; in other words, if sire B sired 30 assists in a group of 100 heifers, we would expect sire A to require 15 assists. A percentile-ranking chart is required to determine where a bull's EPDs rank him relative to other bulls in the breed. For more detailed information about EPDs and \$ indexes, visit www.simmental.org.

Listed below are the units in which ASA EPDs are expressed:

- ALL-PURPOSE INDEX (API): Dollars per cow exposed under an all-purpose-sire scenario.
- BACK FAT (BF): Inches of carcass backfat at 475 days.
- BIRTH WEIGHT (BW): Pounds of birth weight.
- CALVING EASE (CE): Percent of unassisted births when used on heifers.
- CARCASS WEIGHT (CW): Pounds of carcass weight at 475 days.
- DOCILITY (DOC): Percent of offspring receiving a disposition score of 1 (docile).
- MATERNAL CALVING EASE (MCE): Percent of unassisted births in first-calving daughters.
- MILK (MLK): Pounds of weaning weight due to milk.
- MARBLING (MARB): Carcass marbling score at 475 days.
- MATERNAL WEANING WEIGHT (MWW): Pounds of weaning weight due to milk and growth.
- RIBEYE AREA (REA): Square inches of carcass ribeye at 475 days.
- TERMINAL INDEX (TI): Dollars per cow exposed under a terminal-sire scenario.
- WEANING WEIGHT (WW): Pounds of weaning weight.
- YEARLING WEIGHT (YW): Pounds of yearling weight.
- YIELD GRADE (YG): Carcass yield grade score at 475 days.

\$ INDEXES: Though EPDs allow for the comparison of genetic levels for many economically important traits, they only provide pieces of the economic puzzle. This is where \$ indexes come in. Through well-conceived, rigorous mathematical computation, \$ indexes blend EPDs and economics to estimate an animal's overall impact on integrated commercial production. The same technology that led to the dramatic progress in swine, poultry and dairy genetics over the last several decades was used to develop the following \$ indexes:

ALL-PURPOSE INDEX (API): Evaluates sires for use on the entire cow herd (bred to both Angus first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.

TERMINAL INDEX (TI): Evaluates sires for use on mature Angus cows with all offspring put on feed and sold grade and yield.

For more detailed information about EPDs and \$ indexes, visit: www.simmental.org

MASTERCLASS DAUGHTERS

Masterclass ties two of the maternal greats in the business in Cowboy Cut and Homeland. Here are some females who will be destined to make great females and produce powerful progeny. Look for the sire group to be one of your favorites for their type and basic build.

CLRS HOMELAND 327H Paternal grandsire of Lots 119-124.

CUSTOMERS COME FIRST.

FEEDER CATTLE MARKETING: *We have worked towards building relationships with multiple venues that will allow our customers to get the genetic worth from their feeder cattle. From video auctions to direct bids from feedlots or even if you have an interest in retaining ownerships of your calves we have got you covered.*

- Video Auctions
- Direct bid from Feedyards
- Retain ownership (any %)
- Carcass Data Collection

AI PROJECTS: *If you are in search of genetics through semen who will have profit potential we have a diverse line up of sires that will fit several large AI projects. If you are looking for semen or the man power to get the job done give us a call today.*

Customer service is our #1 GOAL. Contact us today.

Visitors always welcome and herd tours are available.

TROOPER DAUGHTERS

Trooper is an absolute marvel to study in person. His added power and body, combined with his physical presence, make him one of our favorite bulls in our herd bull battery. The females in by Trooper are absolute brutes and will be valuable replacements for any herd.

TJ TROOPER 504J Sire of Lots 125-134.

SIGNATURE DAUGHTERS

The Signature females are some of our favorites sorting through the cattle. Their type and eye appeal are undeniable. The female's study with wonderful feet and have added length and presence. We feel these higher percentage females will be great building blocks for seedstock operations.

BOLD RULER DAUGHTERS

One of the heaviest used bulls in the Simmental business in recent memory and for good reason! The Bold Ruler bulls have topped sales for years but his lasting impact will be the daughters he leaves behind. The cattle are dense, good footed and calf raisers!

KBHR BOLD RULER H152 Sire of Lots 216-220.

GOLD DAUGHTERS

One of the best female making bulls in his time. The Gold daughters' progeny have generated the most income and highest quality bulls in our sales for years. These cattle will hold up in any environment and read with great genetic profiles. We are crazy for letting several of these go, but make no doubt about it they will be great producers for their new homes.

TJ GOLD 274G Sire of Lots 223-229.

50K DAUGHTERS

The Stay power in the 50K progeny is undeniable. The cattle are big bodied, great uddered and sound at the ground. These easy keeping powerful females will be great replacements and bull raisers!

TJ 50K 485H Sire of Lots 275-282.

270N Sells as Lot 275.
